

Fibermat Detail Mesh

Product Information

Fibermat Detail Mesh is a 100% polypropylene, woven fabric. Fibermat conforms to the property values listed below which have been derived from Quality Control testing.

Typical Roll Values

Property	Test Method	U.S. Units
Construction	Calculated	12 x 5.6 ends/in.
Mass per unit area	ASTM D-2561	2.6 (oz/yd)
Grab Tensile Strength	ASTM D-4632	60 x 50 (lbs)
Mullen Burst	ASTM D-4632	
Aperture Size	Measured	0.16 x 0.19 (in)
Latex Add On	ASTM D-5261	22.5 (%)
Ultraviolet Stability (Strength retained after 200 hrs Xenon Arc Weatherometer)	ASTM D-4355	50 (%)
Stiffness	ASTM D-1388	50 (lb.in)
Thickness	ASTM D-1777	30 mils
Color	White
